Tenth Annual Undergraduate Student Poster Session
Submission Deadline: November 29, 2019

POSTER SESSION ANNOUNCEMENT— In recognition of the increased involvement of undergraduate students in significant research efforts, the Southeast Decision Sciences Institute will once again provide a forum for presentation of this work at its Annual Meeting. Faculty are encouraged to assist their students in being a part of this exciting opportunity to show off the results of their fine work.

A special session of the conference will feature posters representing student undergraduate research at the President’s Reception on Thursday evening, February 13, 2020, 6:30-8:00 PM. Students are invited to submit an abstract of their work before November 29, 2019, in order to have their posters considered for the poster session. Abstracts should be submitted to the online conference submission system for Undergraduate Student Posters through the conference website. Please go to www.sedsi.org for more information.

Accepted undergraduate projects will be permitted to display a single poster (up to 3 feet by 5 feet in size). If possible, mount on foam core or similar materials. Students must provide their own easels.

REGISTRATION FEE—Undergraduate students whose posters are accepted as part of this special session will attend the President’s Reception to present their poster and the cost of the reception is covered in their student registration fee. Of course, all undergraduate students may also participate in any of the other regular conference sessions by registering for the conference at the Student Registration Fee of $100.00 by January 6, 2020. Late registration goes up to $135.00 after that date.

SUBMISSION PROCESS
The submission process for poster abstracts closes November 29, 2019

1. Interested undergraduate students should submit an abstract of their completed work in PDF format, by November 29, 2019.
2. Abstracts must include (1) the title of the paper; (2) the name, affiliation, and complete contact information including complete mailing address, telephone number, and email address of all authors; and (3) a detailed description of the research project (up to 1000 words in length).
3. Accepted students will be notified by the end of December, 2019.
4. Additional information will be included in the acceptance letters.

All questions should be addressed to:

Dr. Ping Wang
2020 SEDSI Program Chair
Department of Computer Information Systems / Business Analytics
James Madison University, MSC 0202
Harrisonburg, VA 22807
wangpx@jmu.edu or 540-568-3055
